Hello, the Friends of Peninsula State Park are very excited to pass on the news that the Joint Finance Committee has passed a motion that will provide a matching grant of up to \$750,000 for the rebuilding of Eagle Tower.

A huge thank you goes out to State Representative Joel Kitchens and Senator Frank Lasee for submitting the proposal. These state funds will match private donations dollar for dollar and will significantly help us further manage additional costs we may expect to see related to accessibility components. Current private donations have reached just under \$430,000 and the Friends of Peninsula look forward to continue working with the legislators and DNR to finalize the design concepts and reach our next milestone.

So please be sure to pass this message on – every dollar you donate towards the rebuilding of Eagle Tower will be matched by the State of Wisconsin.

Please see attached press release from Joel Kitchens on the motions following the Joint Finance Committee meeting. Please also visit www.eagletowerfund.com for past press releases and articles relating to the project.

Thanks!
